Hosted Microsoft Exchange 2010

Hosted Exchange is the world's leading messaging service based on Microsoft's popular **Exchange Server 2010** delivered as a cloud-based solution.

Hosted Microsoft Exchange

Easy 'pay-as-you-go' Hosted Exchange

As a client you get the convenience of a **low cost pay-as-you-go service** along with **no setup fees**. Set-up is quick and easy, and new mailboxes can be added at any time in a few minutes. This way, you only pay for what you need, with minimum commitment. And every mailbox is triple-hosted for super resilience.

What's more, all mailboxes are regularly backed-up, and inbound, outbound and internal email flow is securely copied into a real-time archive for added reassurance.

That's true cloud computing working for you and your business.

What's more, all hosted services come with a **30 day money-back guarantee** for your added reassurance.

GET ACCESS ANYWHERE

Because Hosted Exchange is cloud-based, it can be accessed from anywhere – either using Outlook on your desktop, browser or mobile device.

REDUCE YOUR COSTS

Moving to Hosted Exchange means you benefit from a full-featured Exchange 2010 service whilst the service is fully managed for you.

YOUR DATA IS PROTECTED

Every Hosted Exchange mailbox is protected by an award-winning advanced Anti-Spam and Anti-Virus email security system.

SHARED CALENDARS, CONTACTS AND TASKS

When you use Hosted Exchange, you get to collaborate more easily with other colleagues by sharing calendars, contacts and tasks.
